Senior Thesis Big Ideas

Whats needed to integrate information control flow into Twizzler

Papers to read

1. Flume

2. Flow Limited Authorization
   - Dont worry too much about the math

3. Isolation Without Taxation
   - wasm / software fault isolation

4. Static IFC in Rust

5. Capabilities for IFC
   - lowkey probably really important

6. On Access Control, Capabilites, Their Equivalence, and Confused Deputy attacks

7. Macaroons
